

I Jarvis Bermane Hampton Jr. would like to accept the responsibilitys to the crimes I have committed. I also would like to say sorry to my community and also to the court. I had a ruff part in foster care getting kicked out going from house to house cause I had no money to help out on bills. Having no where to sleep. Having to sleep inside ~~other~~ vacantes and cars. also going with lil food to eat to no food. I'm here to say ^{honestly} ~~honestly~~ I'm not hear to dodge a prison sentence maybe I can get over there a learn something also pick up a ~~the~~ trade so I can make money and also raise me a family and kids the right way. I understand the things I was doing was wrong and I'm not hear to my excuse sometimes my hand was forced I was tired of getting kicked out and put out on the street. Maybe this is a blessing

for me. I couldn't get hurt or maybe something
 worse than this. ~~o~~ I was trying to get away
 from the life I was living cause I wanted
 better for my self cause I knew I could do
 better. I also wanna thank the court for saving
 me from the street that had no love for
 me. I don't wanna fight Judge. But
 I ask you to please don't sentence my away
 from my family for a long time I would
 like to plea out to you and the ~~detec~~ Prosecutor
 so I could put this behind me and start
 a new life on a better path I wanna
 get with you as soon as possible so I can
 put this behind me. I would like to say
 thank you have a blessed day Respectfully submitte
